

# Let's Make And Learn!

## A BASKET FOR GOD

### What You Need:

- Heavy, large-size paper plates
- Scissors
- Colored markers
- Red felt scraps
- Stapler

- Poster board or construction paper
- White glue
- Hole punch
- Yarn

### ✂ How To Make It:

1. Cut one paper plate in half. Staple it to a whole plate, being sure that the rims of the two plates are together. (This will create a basket shape.)
2. Think of five rules from the Bible God wants us to obey. Print each of these on a strip (2 by 6 inches) of poster board or construction paper, and place the strips in the basket. Older children may find the Scripture reference for each rule in the Bible and write it on the appropriate strip.
3. Decorate the basket with colored markers. Cut heart shapes from the red felt, and glue them on the basket.
4. At the bottom of the basket, print the Bible verse for this lesson. At the top, print the words, "God's Rules for My Life."
5. Punch a hole at the top of the basket, and attach yarn for hanging.
6. Have the children share their rules with the rest of the group.
