

 **To play this game, you need two or more people. One person starts by drawing a line to connect two dots. Then the next person draws a line, and so on. The object of the game is to connect dots so that you can make lots of blocks while at the same time preventing your opponents from making any blocks. When you complete a block, write your initial in that block and take an extra turn. The person with the most initials when all dots are connected, wins.**

CHOOSE YOUR LINES CAREFULLY. HERE ARE SOME TIPS:

CHOICES

(If you choose to draw a line)

on the 1st side of a block

on the 3rd side

on the 4th side

HAPPEN

(Then,)

no one gets a block

another player will probably get a block

you get the block

IF YOU WIN THIS GAME, DOES THAT MEAN YOU'RE A BLOCK-HEAD?

NO, IT DOESN'T! WINNING MEANS YOU WERE THINKING, OR MAYBE IT MEANS YOU WERE LUCKY.
